

“Your complete source for all of your plastic processing equipment.”

	<p>World's largest and fastest growing producer of auxiliary equipment for the plastics processing industry. Injection Molding, Extrusion, Blow Molding & Thermoforming etc.</p>
	<p>Haitian is the world's largest manufacturer of plastic injection molding machines. Including Hydraulic (Saturn), Hybrid (Mars), All-Electric (Venus) and Two-Platen Hybrid (Jupiter). Haitian produced and sold more than 30,000 units world wide in 2010</p>
	<p>Highest quality Pneumatic, Servo, and Hybrid Robots, Sprue-Pickers, End-Of-Tooling and Custom Automation equipment.</p>
	<p>Manufacturer of blow molding machines and single screw plastic extruders that can be custom configured to meet the most demanding of process applications, including rebuild service for all Blow Molding and Extrusion Equipment.</p>
	<p>Fast Heat offers 1-180 zone integrated hot runner control with energy management, sensor protection and a continuous tuning control algorithm. Packaged with an easy-to-use <u>Industrial</u> control interface, a modular cabinet design and advanced features, including recipe storage, auto start, zone slaving, diagnostics, I/O communications and much more.</p>
	<p>Plastic Recycling Systems, hot face pelletizing systems, melt filtering equipment, and VACUREMA - PET processing systems, including bottle-to-bottle.</p>
	<p>Drawer Magnets, Plate Magnets, Hopper Magnets, Magnetic Separation Conveyors, In-Line Magnets for Material Conveying Systems, Ferrous & Non-Ferrous Metal Separators</p>
	<p>Waterslide & Strand Pelletizing Systems, rotor sharpening services, Spare parts for all pelletizer brands</p>
	<p>High performance Barrel and Screws. Including Valves, End Caps, Mixing Screws, Mixing Nozzles, Up-Size & Downsize and Special Design Screws.</p>
	<p>Magnetic Mold Clamping & Quick Mold Change Systems</p>
	<p>Worlds Leader in Single Shaft Shredder Technology. From small, medium and heavy duty applications Vecoplan can provide the shredder, or a complete system partnered with a large central grinder with separation / screening products.</p>
	<p>Part Conveyors, Runner Separators, Box Filling Systems, Trunk line Systems, and Robot EOA Tooling</p>
